

Portugal - Documentation

Places we've been to:

Coimbra, Nazaré, Marinha Grande, Lisboa, Moita, Fátima, Leiria, S.Pedro de Moel

Getting to know the school in the morning. Seeing building A & B and the different rooms for sports, biology and other rooms January 28, 2019

At the beach we had a rallye to get to know different aspects of the place around (monuments etc.). I've learned many things about the Italian and Spanish history. We had to answer questions like: What is the Berliner Mauer? January 28, 2019

Universidade de Coimbra guiding tour with audio guide: There are a lot of different huge buildings (one for languages, medicine, science and so on). They showed us the church where the students come to pray before their important exams. God gives them strength.

January 29, 2019

We ate many different kind of sweets that are typical for Portugal. The names are astel de nata, suspiro, bola de berlim, torta de maçã and guardanapo. All of them were so delicious and I already miss them.

In our free time we had lots of fun bowling with the whole group!

We went to Ponte de Santa Clara and had a bit time to shop souvenirs in the city. The view was amazing and we had lot of fun but unfortunately it was raining. After that we went to a beautiful garden with many cultural houses. January 29th, 2019

We had the great chance to take part of a drum performance. They where actually heavier than we thought and it's a lot of work and remembrance. January 30, 2019

On the other days we practiced for our theatre performance "the Sounds of Europe" which we showed to the parents, teachers and even more.

We had a farewell dinner all together (students, parents, teachers, exchange students)
The food was amazing as well.

Milena Schoknecht, February 8, 2019
